Konu: "Natural Orifice Surgery", Naples 21_22 November 2008

Dear Doctor,

the NESAs meeting titled "**Natural Orifice Surgery and other innovations**" which will take place in Naples, Italy, 21_22 November 2008, with Presidents Professor Michael Stark, President NESAs and Professor Mariano Iaccarino will enable surgeons from various disciplines to update themselves with innovative surgical ideas. Some of them, such as Transdouglass Abdominal Surgery, the modified Thyroidectomy, and recent developments in Ductoscopy and Neuropelveology, are presented for the first time.

No doubt that Naples, one of the world's most beautiful cities, which stands for innovative thinking, is a wonderful background for such a conference.

For updating and registering please visit www.nesanaples2008.com or contact the Organizing Secretariat at segreteria@mcmcongressi.it

We are looking forward to welcome you in Naples!
